Intern for Terri Hunter, summer of 2018 and 2019

While Interning for Terri Hunter during high school, I learned a tremendous amount as Terri showed me the ropes to the business. She taught me how to talk to clients, space planning, making material selections, material boards, and many other activities. Other job tasks included filling papers, keeping Terri organized, answering and making phone calls etc.

Intern at F&M Architects

Snowmass Village, Colorado

Summer 2021

Tasks included picking up red lines, material boards, construction documents, modeling in revit, creating plans, sections, and interior elevations, client meetings, site visits ect. I value the opportunity F&M gave me as i learned so much and was able to use the skills learned in design school thus far into real world projects.
